WHAT IS VIO?

Virtual Immigration Office is founded by a law firm with years of experience in the practice of Immigration Law. The founding attorney learned the practice of Immigration Law the hard way, through extensive research, review of treatises, trial and practice, mentorships, CLE courses and on the job training. VIO allows other attorneys desirous of starting an Immigration practice to do so without spending years and years learning the law. Why reinvent the wheel when you can benefit from the experience of the founder of VIO.

HOW MUCH DOES VIO COST?

VIO is very cost effective and can be tailored to fit your specific practice needs. Our fees are a fraction of what you would in turn charge your client. For the attorney new to the practice of immigration law, we would recommend the pay as you go approach.

For attorneys already engaged in the practice of immigration law, we would recommend our tiered annual membership options. The average small to mid-size attorney firms in, for example, New York, can work on 25-100 immigration matters per year. Average fees collected can range from \$40,000.00 to \$350,000.00.
